

SIR C.R REDDY COLLEGE OF ENGINEERING

Department of Computer Science and Engineering

Criterion 6: Facilities and Technical Support

6.1 Classrooms and Seminar Halls

The department has 8 spacious, well-ventilated classrooms equipped with LCD projectors, Wi-Fi, and smart boards. There is 1 dedicated seminar hall with a seating capacity of 150.

6.2 Laboratories

The CSE department maintains state-of-the-art laboratories:

- Programming Lab: 60 Intel Core i7 PCs, 16GB RAM. Used for C, C++, Java, and Python programming.
- Database Lab: 60 PCs with Oracle and MySQL servers.
- AI & Data Science Lab: 30 High-performance workstations with NVIDIA GPUs for deep learning projects.
- Hardware Lab: Microprocessor and Microcontroller kits (8086, Arduino, Raspberry Pi).

6.3 Software Tools

Licensed software includes Microsoft Campus Agreement, IBM Rational Rose, MATLAB, and various open-source tools (Eclipse, Android Studio, Jupyter).

6.4 Internet Bandwidth

The campus provides a dedicated 1 Gbps leased line Internet connection, ensuring seamless connectivity for students and faculty. Wi-Fi is available campus-wide.

6.5 Maintenance

A dedicated team of 3 system administrators ensures regular maintenance, software updates, and network security.
